

MECHANICAL ENGINEER

TUFF Australia is renowned for the quality of its products which are sold across Australia and overseas. With continued strong business growth TUFF Australia is looking for a passionate Mechanical Engineer to join its Research and Development team in our head office in Toowoomba QLD.

TUFF manufactures a range of premium 4x4 accessories including bullbars, utility trays and truck bodies. TUFF products are chosen by leading rental companies, agricultural enterprises, contractors and government agencies due to their durability and performance in the most demanding conditions on earth. The TUFF family is 100 strong and growing thanks to the support of our expanding client base.

For this role we are looking for an experienced engineer with at least four years in a transport/manufacturing environment. A Registered Professional Engineer of Queensland (RPEQ) or equivalent qualification and the capability to sign off on truck modifications is highly desirable for this role. Moderate to advanced experience with Solidworks is a requirement and knowledge of TrailerWin software would be highly regarded.

In this role you will be working on:

- New bullbar, brushrails, tray and special vehicle designs
- Design improvements
- Designing truck bodies including special orders
- System improvement

Team Member Benefits:

- Access to our Employee Assistance Program
- Excellent remuneration
- Great team to work with

The successful candidate will have the following skills:

- Excellent verbal and written communication skills
- Intermediate Microsoft Excel and Word skills as a minimum
- Excellent organisational and time management skills
- Flexible and willing to help where needed
- Forward thinker
- Have a great attitude and a welcoming personality
- The ability to multi-task and prioritise
- Strong problem-solving skills, attention to detail and accuracy

You will be part of a team of three engineers and will report to the Research and Development and Quality manager.

You will be a person who enjoys working in a great team environment, yet can work well under pressure by focusing on the right priorities at the right time. Ideally, the successful candidate will be a very passionate, self-motivated, enthusiastic administration professional who enjoys a diverse working environment. This role is for full time employment with a 7.00am - 4.00pm work day - Monday - Friday.

All applicants need to address the role description and skills in their cover letter and submit a resume with a minimum of 2 (two) phone references.

For your opportunity to be part of a truly diverse, supportive organisation that believes its people provide the platform to its success, apply now or contact Administration Officer Trinda Willshire for further information.
